

FERNANDO LEÓN DE ARANOA'S "A PERFECT DAY" SELECTED FOR CANNES DIRECTORS' FORTNIGHT

Fernando León de Aranoa's English-language debut *A PERFECT DAY* will receive its world premiere in the DIRECTORS' FORTNIGHT at the upcoming CANNES INTERNATIONAL FILM FESTIVAL. This marks the first Cannes appearance for the respected Spanish director ("Mondays in the Sun"; "Barrio") whose previous films have featured at festivals including Berlin, Sundance, San Sebastián, Havana and Tribeca.

"I feel very fortunate that our international premiere will take place at the Cannes Film Festival, and also to be accompanied by this wonderful group of actors," says Fernando León de Aranoa. "I think that *A PERFECT DAY* fits perfectly with the spirit of the Directors' Fortnight, eclectic and open-minded. It's an excellent opportunity to display our film on the film industry's most important avenue: Cannes. We are proud and humbled by the faith placed in us."

Produced by REPOSADO and MEDIAPRO, *A PERFECT DAY* stars Oscar winners BENICIO DEL TORO ("Traffic") and TIM ROBBINS ("Mystic River") and actresses OLGA KURYLENKO ("Oblivion") and MÉLANIE THIERRY ("The Zero Theorem"). Completing the cast are FEDJA STUKAN ("In the Land of Blood and Honey"), ELДАР RESIDOVIC and a special appearance by SERGI LÓPEZ.

A group of aid workers tries to resolve a crisis in an armed conflict zone: Sophie (M. Thierry) is a newcomer, she wants to help; Mambrú (B. Del Toro) has seen it all and wants to go home; Katya (O. Kurylenko) once wanted Mambrú; Damir (F. Stukan) wants the war to end, and B (T. Robbins) doesn't know what he wants.

Humor, drama, emotion, routine, danger, hope: it all fits in a perfect day.

MEDIAPRO's eighth production to feature in Cannes, *A PERFECT DAY* was made with the participation of TVE, TV3, CANAL+, TELECABLE and ORANGE.

WESTEND FILMS is handling international sales and TF1 Droits Audiovisuels has acquired *A PERFECT DAY* for France.
